In any case, the declaration made by the candidate, which substitutes certification to all effects, shall contain all the elements needed to evaluate the qualification to be produced; the omission of even one element shall result in the non-evaluation of the self-certified qualification.

It must also be remembered that the Administration is called upon to perform suitable checks as regards the truthfulness of the substitutive declarations received and that, besides the interested party no longer being eligible for any benefits obtained on the basis of the untruthful declaration, criminal sanctions are also applicable in cases of falsification of documents and untruthful declarations.
